

“Translation”

Acts 2: 1-8

- Re-read the Scriptures together as a group.
- If you could talk to the animals which ones would you talk to?
- What is something good that has come out of something awful in your life?
- The people in Genesis 11 created a tower to reach God’s throne room. God saw this and realized if they kept it up they would stray even further from Him. He wasn’t threatened, just saddened.
 - What is your “tower”? What takes you away from God?
 - How can you confound that drive & return to God?
- The Holy Spirit came into the lives of the disciples and the people that heard them. They were amazed by this. They asked, “How can they be doing this?”
 - What is amazing to you about the Holy Spirit?
 - What is worth sharing about the Holy Spirit to you?
- The men who translated the Bible to other languages made great sacrifices. Some even died because of making it so we could all read the Word of God.
 - How does that make you feel about the Bible?
 - Will this knowledge change your attitude about the Bible?
 - How can you let others know about the importance of God’s Word.
- Pray for God to help those that need Him today.
