Do you enjoy gardening?

Why?

Re-read the scriptures for this week as a group.

God created the He had to cast out Adam and Eve and they had to work for their existence. But in that expulsion God gave them clothing to hide their shame. What Grace!

- What would you have done about Adam and Eve?
- Would you have shown that kind of grace?
- How do you respond to God's grace?

Why don't we see how essentially important it is for the "dirt" that we are to produce fruit for the glory of God?

- How can we help others to see it?
- What help do we need?

JD showed us a picture of the Sistine Chapel and the space between God's right hand and Adam's left hand. He speculated that in that space is God's Word. That which feeds us and guides us.

- What do you think about that?
- What do you think of God's Word? Is it important to you?

Augusta removed grass to expose dirt. We don't talk about the dirt under the beauty. But Jesus does...

- What type of dirt are you today?
- What type of dirt were you yesterday?

What type of dirt will you be tomorrow?
