

# God's Place

Genesis 28:10-22

Romans 8:12-17

As a group re-read the scriptures.

Does God have your attention? Are you aware of God and all He can do for you, and has done?

On the road to Emmaus those two Disciples thought/assumed that God had their full attention.

- When do you feel like God has your full attention?
- When does it seem he doesn't?

Jacob had a very close relationship with God. Yet he would often not recognize God and what He was doing in Jacob's life.

- How do you recognize God's hand in your life?
- When does it seem like He isn't acting in your life?

JD needs to quit... thinking that the things of life happen to him. But rather he needs to think that things happen for him designed by God.

- How do you think?
  - What things do you see happening by Gods grace?
  - What things do you see happening for your good?

Do you recognize you are God's place?
